

ULTRA REALISTIC PAPER CRAFTS

Assembly Instructions

vol.4 Frame & Step | Frame, Step, Rear arm

Please follow these assembly instructions, cross-checking the part numbers on the parts sheet. Assemble all the parts from vol.1 to vol.5.

A realistic recreation of the YZF-R1M will be the result.

We recommend to print out the parts data on A4 inkjet printer paper for paper-craft, sturdy paper or card.

This file provides assembly instructions. Please download the parts data sepearately.

Published: December 2015

To begin

■ Tools and materials needed -

-Ruler - scissors - blade cutter or "Exacto-knife" - awl or other pointed tool - Embosspen - Transer (for making a folding crease) - Felt pen - Pin set - Glue - Hand towel (for cleaning your fingers) - dictionary or other heavy book (to press the papers flat).

■ Items of Caution -

- *Take care when using sharp or pointed objects or when using bladed cutting tools. Place a heavy sheet of paper under the paper you want to cut.
- *Use glue and other adhesivers only in well-ventilated areas.
- *When printing, use a slightly reduced font size. There may be differences in dimensions, depending on the type of printer used.

2

How to assemble

*Follow the working method and markings carefully.

*Cut carefully along the outter line with cutting blade,
Exacto-knife or scissors.

One-point Advise

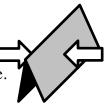

- *Cut carefully with cutting blade, Exacto-knife or scissors.
- *For folding parts, first use an awl or other pointed tool to make a light crease along the dotted or solid line. This will make the folds straight. Avoid making strong creases, as this will cause the paper to tear.
- *As an adhesive, white wood glue is recommended. Avoid over application as this may cause the paper to wrinkle.
- *Before beginning assembly, test adhesive amounts on extra paper.
- *Occasionally, white spots will be apparent on folds and cuts. Use a marker or pencil to fill in these spots. It is recommended that this be done after each stage of assembly because coloring becomes more difficult once parts are assembled.

Basic working method and markings

Solid lines

Fold along these lines.

The printed surface should be on the outside of the folded shape.

----- Broken lines

Fold along these lines.

The printed surface should be on the inside of the folded shape.

----- Dotted lines

Cut along these lines.

Do not fold or cut the parts marked **X**.

Cut out parts marked with an asterisk(*).

Red dots are the reference positions for gluing surfaces.

Please glue them by aligning the red and red/blue and blue parts if they are marked on the paper.

These shaded areas indcate where glue should be applied.

3 Assembly of the Frame1

Please refer to the "Basic working method and markings" symbol chart on Page 2 to assemble each part.

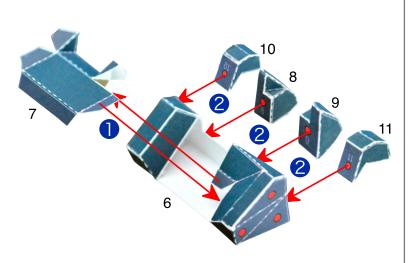

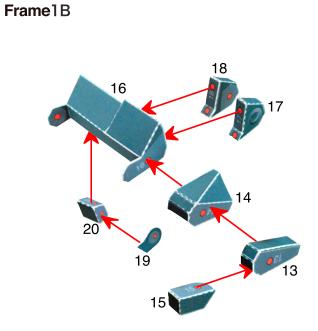

Frame1A

Glue in order from 1 to 2 on the graphic.

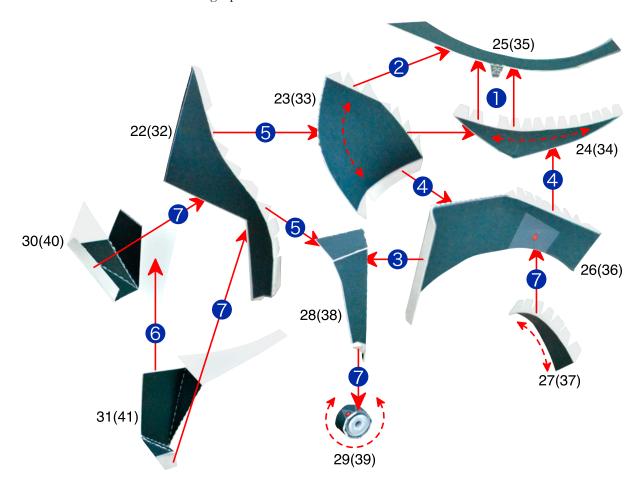

Frame1C

Assemble both sides. The diagram show the left side. The numbers inside the () are for the right side.

Glue in order from 1 to 7 on the graphic.
